[www.facebook.com/Gorilla-Race-Engineering](http://www.facebook.com/Gorilla-Race-Engineering)

Arrangements have been made with these shops to perform a pre-tech inspection of your car at no charge. Any repairs or service required to prepare the car for the race track is the responsibility of the owner. Please call for an appointment.

We will also accept inspections from any dealership or authorized repair facility. Race cars with current log books do not require a pre-tech inspection.
